

REAL METALCHEM PVT. LTD.

Leading Manufacturer & Exporter of Copper Chloride & Ferric Chloride Chemicals

An ISO 9001:2015 & GMP Certified Company

“REDEFINING COPPER & IRON BASED CHEMICALS”

COMPANY PROFILE

Right from its Inception in 2010 Real Metalchem Private Limited has started its manufacturing activities at its plant at Chhatral, Gujarat, India which is situated some 40 K. M. from Ahmedabad City on the outskirts of the Gandhinagar, City in Chhatral GIDC, which is easily accessible from the Ahmedabad Airport. Today we are one of the Leading reputed and known manufacturers & exporters of a few Inorganic Chemicals like Cuprous Chloride, Cupric Chloride Anhydrous, Cupric Chloride Dihydrate and Ferric Chloride. We have qualified workers in various departments of the plant including Research & Development and Quality Control Lab. Further, our Corporate Office is located at Ahmedabad City where some qualified staff members are operating in various departments like procurement, marketing, export, finance etc.

Our plant is well equipped with all the requisite facilities for the formulation of premium quality products. Company has its own R&D centre which helps company to develop new emerging products as per market requirements which can be used for research or manufacturing. We as a company always believe in delivering quality products only. We have built a solid reputation as a reliable, timely and resourceful chemical entity within india and in Global Market.

At RMC every person in our company is a member of the team and a team player with the expectation and need that they perform their duties to their fullest capacity & potential.

INDUSTRIES WE CATER TO

With our sophisticated manufacturing unit and chemical professionals, we are able to manufacture chemicals in large quantities to meet the growing demands of various industries.

- ▲ Pharma Industries
- ▲ Agro-Pesticides Industries
- ▲ Sea water Activated Salt batteries
- ▲ CPC Blue - CPC Green Pigment 7
- ▲ Laboratories
- ▲ Waste Water Treatment Plants
- ▲ Dyes and Intermediate industries
- ▲ Petroleum Industries
- ▲ Electronics PCB Industries

WHY CHOOSE US?

Quality, integrity and cost competitiveness are the keywords that guide us and help us to expand our business. We put special efforts in utilizing prevailing technology for research activities; as a result, our processed chemicals are catered to multiple industries. We are backed with the requisite resources, facilities, and rapport that made us the partner of choice. Since the inception, we are striving towards development and improvement, which indeed results in a client oriented product range and established reputation.

COMPANY VALUE

The world is changing all around us. To continue to thrive as a business over the next ten years and Beyond, we must look ahead, understand the trends and forces that will shape our business in the future and move swiftly to prepare for what's to come. We must get ready for tomorrow today. It creates a long-term destination for our business and provides us with a "Roadmap" for winning together with our bottler partners. Commitment to Quality, Service & Integrity. We embrace and uphold our company values of personal and professional ethics, honesty and trust. Our commitment to quality is the core of our business.

COMPANY MISSION

Our purpose is to make, distribute, sell & trade the highest quality chemicals with a continued commitment to meet the market needs & standards while promoting business practices that respect our employees, our customers, our suppliers and the environment.

COMPANY VISION

To be a competitive leader in the Copper based chemical sector locally and globally by constantly developing and upgrading our products while remaining true to our core values.

COMPANY POLICY

We have placed great value on the concept of "going hand in hand together." We take pride in having built trust with our customers by providing what the customer truly seeks and superior products through our research & development efforts based on an understanding of our customers' products and sharing their values. These highly value-added products that were generated from such interactions with our customers have gained global acceptance. This is the long-awaited shift in the social paradigm that we would like to have in order to propel us forward together with a shared vision of how to realize a sustainable and bountiful future.

CUPROUS CHLORIDE POWDER (CuCl) (CAS No. : 7758-89-6)

Available in Technical-Commercial / AR / LR / USP / LAB & Pharma Grade.
PACKAGING: 25/50 kg UN approved Bags, 50 KG HDPE Drum, Fiber Drums, Jumbo Bags, Customized Packaging.

APPLICATION

- ▲ CPC Blue Pigment.
- ▲ Pharmaceuticals.
- ▲ Silicon Industries.
- ▲ Agro and Pesticides.
- ▲ Dyes and Intermediate.
- ▲ Laboratories.
- ▲ Petroleum Industries.
- ▲ Glass Industries.
- ▲ As a Catalyst for Organic & Inorganic Reactions.
- ▲ For electro plating of copper chemicals.
- ▲ As a condensing agent for soaps, fats and Oils.

CUPRIC CHLORIDE ANHYDROUS (CuCl₂) (CAS No. : 7747-39-4)

Available in Technical-Commercial / AR / LR / USP / LAB & Pharma Grade.
PACKAGING: 25/50 kg UN approved Bags, 50 KG HDPE Drum, Fiber Drums, Jumbo Bags, Customized Packaging.

APPLICATION

- ▲ CPC Green Pigment.
- ▲ Pharmaceuticals.
- ▲ Agro and Pesticides.
- ▲ Dyes and Intermediate.
- ▲ Laboratories.
- ▲ Textile Industries.
- ▲ As a Catalyst for Organic & Inorganic Reactions.
- ▲ In indelible, invisible and laundry-marking inks.
- ▲ As feed additive, wood preservative and disinfectant.

CUPRIC CHLORIDE DIHYDRATE (CuCl₂·2H₂O) (CAS No. : 10125-13-0)

Available in Technical-Commercial / AR / LR / USP / LAB & Pharma Grade.
PACKAGING: 25/50 kg UN approved Bags, 50 KG HDPE Drum, Fiber Drums, Jumbo Bags, Customized Packaging.

APPLICATION

- ▲ Pharmaceuticals.
- ▲ Pigment Industries.
- ▲ Dyes and Intermediate.
- ▲ Textile Industries.
- ▲ Laboratories.
- ▲ Agro and Pesticides.
- ▲ As a Catalyst for Organic & Inorganic Reactions.
- ▲ In indelible, invisible and laundry-marking inks.
- ▲ As feed additive, wood preservative and disinfectant.

FERRIC CHLORIDE ANHYDROUS (FeCl₃) (CAS No. : 7705-08-0)

Available in Technical-Commercial / Etching / LAB & Pharma Grade.
PACKAGING: 25/50 kg UN approved Bags, 50 KG HDPE Drum, Fiber Drums, Jumbo Bags, Customized Packaging.

APPLICATION

- ▲ Pharmaceuticals.
- ▲ Agro and Pesticides.
- ▲ Dyes and Intermediate.
- ▲ Laboratories.
- ▲ PCB Etching.
- ▲ Waste Water treatment.
- ▲ Glass & Ceramics.
- ▲ Glycerin Manufacturing.
- ▲ Alkylation of Chlorination.
- ▲ Manufacturing of Pigment.

FERRIC CHLORIDE LIQUID (CAS No. : 7705-08-0)

Available in Technical-Commercial & Pharma Grade
PACKAGING: HDPE Drums, IBC Tank, Tanker Load, 50 Kg. HDPE Carboy, 200 Kg HDPE Drums.

APPLICATION

- ▲ Pharmaceuticals.
- ▲ PCB Etching.
- ▲ Waste Water treatment.
- ▲ Color Pigments.
- ▲ Glass & Ceramics.
- ▲ Catalyst & Ceramics.
- ▲ Disinfectant & Cattle Feed- Additive.
- ▲ Industrial Effluents Treatment

WE BELIEVE IN 6 P'S

- + People: Be a great place to work where people are inspired to be the best they can be.
- + Portfolio: Bring in Market Portfolio of quality Chemicals Products that anticipate and attracts more customers and sets us apart from competitors.
- + Partners: Nurture a winning network of customers and suppliers, together we create mutual, enduring value.
- + Planet: Be a responsible citizen that makes a difference by helping build and support sustainable communities.
- + Profit: Maximize long-term return to company while being mindful of our overall responsibilities.
- + Productivity: Be a highly effective, lean and fast-moving organization.
